Coloured Flame Unit

FLASH ART presents the Coloured Flame Unit

The Coloured Flame Unit is designed to perform coloured flames for stage and event productions. Due to innovative technologies this device will set new standards concerning show design and performance.

The colours can be shot repeatedly and in overlap, so that a visible colour change of the flames is produced. It is also possible to generate both, flame columns and fire balls.

Characteristics

- ▶ effect colours: red, orange, yellow, blue, green
- ▶ changing colours accessible on demand
- ▶ flame height between 1,5 m und 3,5 m
- ▶ shot sequence adjustable
- ▶ flame burns without residue and odour
- ▶ compact size
- ▶ set up as daisy chain possible
- ▶ integrated flame control
- ▶ accepts standard DMX signals
